

ILLINOIS JOINS
WILSON STATESDemocratic Candidate Has Over
15,000 Plurality.

CALIFORNIA IS VERY CLOSE

Roosevelt Now Has Lead of Only 130
Votes in Pacific Coast State—South
Dakota Safe in Roosevelt Column.
Wilson Now Has 429 Electoral
Votes, Roosevelt 77, Taft 12 and 13
Remain Doubtful.

New York, Nov. 8.—Illinois definitely swung into the Wilson column, the Democratic candidate's plurality being over 15,000.

The result in California is so close that each candidate led at different times.

Late returns gave Roosevelt a lead of 130 votes.

With South Dakota regarded as safely in the Roosevelt column the total electoral vote for each of the three presidential candidates now stands: Wilson 429, Roosevelt 77, Taft 12, doubtful 13.

After apparently holding Illinois for over forty hours from the time the polls closed Colonel Roosevelt lost its twenty-nine electoral votes when the assembling of statewide returns showed a definite victory for Governor Wilson.

The victory for Wilson in New Hampshire did not carry with it control of the state legislature, where the Republicans again have a majority on joint ballot and will dictate the selection of a United States senator.

LEADS BY THREE THOUSAND

Wilson Close Second to Roosevelt in Minnesota.

St. Paul, Nov. 8.—The total vote cast for the leading presidential candidates in Minnesota on Tuesday fell nearly 10,000 below the total vote cast for Taft and Bryan in 1908, if estimates based upon complete returns from forty-seven counties are a safe guide. Furthermore, Woodrow Wilson, Democratic nominee, failed to hold all the strength developed by Bryan four years ago in the state.

Complete returns from forty-seven counties on the presidency gave Roosevelt 75,228, Wilson 72,715 and Taft 42,192, a total of 190,135. The same forty-seven counties four years ago gave Taft 121,583 and Bryan 74,560, a total of 196,143.

Judge Oscar Hallam has further increased his lead over Justice Bunn for a seat on the supreme bench and in 1,476 precincts was leading Bunn by 1,671 votes. There are about 1,400 precincts yet to hear from and the result of the most exciting race on the state ticket is still in doubt.

ILLINOIS LEAD IS 15,049

Clay County Returns Increase Wilson's Plurality.

Chicago, Nov. 8.—Returns from southern counties in Illinois gave additional gains to Wilson and his plurality went up to 15,049.

The principal factor in the change was official figures from Clay county, which had been reported early as giving Taft 1,832, Roosevelt 3,809 and Wilson 2,016, a plurality for Roosevelt of 1,978. The official figures give Taft 1,622, Wilson 1,914, Roosevelt 624, giving Wilson a lead over Roosevelt in Clay county of 1,290. The net change in the Clay county figures was 3,083.

The other additions to the Wilson column were accounted for by ninety-one precincts, which were included in the belated returns.

NECK AND NECK IN WYOMING

With 162 Precincts Missing 263 Votes Separate Taft and Wilson.

Cheyenne, Wyo., Nov. 8.—Three hundred and ten precincts of a total of 472 in Wyoming give Wilson 100,591; Taft, 10,328; Roosevelt, 4,624. The drop in the Roosevelt vote was due to failure to count his vote in a number of counties. The senatorial result still is in doubt.

Democrats have forty votes in the next legislature and Republicans thirty-five. Forty-three votes are necessary to choose, Lincoln county is missing. Units county, which with Lincoln has gone Democratic by a small majority. This district elects eight legislators and holds the deciding vote.

KANSAS RESULT IN DOUBT

Both Democrats and Republicans Claim Governorship.

Topeka, Kan., Nov. 8.—Although complete unofficial returns from all the counties of Kansas have been received the result of the contest between Arthur Capper, Republican, and George H. Hodges, Democrat, for governor, still is in doubt and probably the official count will be required to decide which is elected.

Republican State Chairman Doherty said the returns gave Capper a lead of 1,000 votes, while at Democratic headquarters Hodges was credited with a plurality of 1,500.

Independent compilations place the Democratic candidate ahead by from 60 to 1,000 votes.

WILSON'S MIND
ENTIRELY OPENPresident Elect Has Not Yet
Picked His Cabinet.

SPECULATIONS ARE FRUITLESS

Successful Candidate Says He Will
Pay No Attention to Reports and
No Announcement Regarding His
Official Family Will Be Authentic
Unless It Is Made Over His Own
Signature.

Princeton, N. J., Nov. 8.—President Elect Woodrow Wilson has not decided upon the personnel of his future cabinet and he intends to keep his mind open on the subject for a long time before he takes office. To put an end, if possible, to all gossip about cabinet appointments he issued the following statement:

"Such speculations are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a final announcement is possible.

"It will be perfectly useless to resort to me for corroboration of any report because I shall have absolutely nothing to announce. No announcement will have the least authority that is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

The president elect said that any definite announcement that he was going to the Bermudas was not authorized. He said if he did go it would be as an ordinary traveler and not on a private yacht.

HOLDS NOVEL VOTING RECORD

Iowa Man Casts Twentieth Ballot for President.

Marshalltown, Ia., Nov. 8.—A novel voting record is held by Joseph Tuffree of this city, who will be 103 years old in February. Tuffree cast his twentieth vote for a president on Nov. 5, voting for Taft. His first vote was for Henry Clay in 1832. He has voted for a president every four years except one. That time he was disqualified owing to the fact that he had changed his place of residence about election time. Tuffree is in real estate business and is at his office every day. He walked from his home to the polling place, a distance of several blocks, then went to his office to look after his business.

PARTY "OFFICIALLY DEAD"

Republicans Cast Less Than 50,000
Votes in North Carolina.

Asheville, N. C., Nov. 8.—Because of its failure to poll 50,000 votes in Tuesday's gubernatorial election the Republican party in North Carolina is "officially dead," according to statements made by local leaders.

They state that a law of the state bars from recognition any political party which did not poll 50,000 votes in the previous election.

Thomas Settle, Republican candidate for governor, received less than 25,000 votes and it is doubtful if Iredell Mears, Progressive nominee, polled 50,000.

MISSOURI STRONG FOR WILSON

Democratic Plurality in the State
About 112,000.

St. Louis, Nov. 8.—Virtually complete returns from Missouri indicate that Woodrow Wilson will have a plurality of about 112,000.

Complete returns from the city of St. Louis and 108 out of 114 counties give Wilson 277,093, Taft 163,950, Roosevelt 100,275.

The Democrats will control both houses of the legislature.

STILL FOR THE COLONEL

South Dakota Plurality Remains at
5,000.

Sioux Falls, S. D., Nov. 8.—Roosevelt's plurality in the state over Governor Wilson will approximate 5,000 votes.

With Democratic headquarters at Yankton still claiming a chance for Johnson and with Chairman Sherwood of the Republican state committee claiming the election of Byrne for governor by 4,400 indications point to Byrne's election by a majority of about 2,000.

Returns thus far received on governor show a total of 27,672 for Byrne to 25,830 for Johnson.

The Democrats gain a few members in the state legislature, but the Republicans will be left with a large majority, insuring the election of Thomas Sterling, the successful Republican candidate at the June primaries, to the United States senate.

Colonel Holds Washington:

Seattle, Nov. 8.—For president 1,235 precincts of 1,903 give Roosevelt 70,162, Wilson 57,169, Taft 44,182. For governor 1,450 precincts give Lister, Democrat, 78,187; Hay, Republican, 77,577.

JOHN A. MEAD.

Vermont Governor May
Be Sherman's Successor.

NOMINEE FROM TAFT STATE

Sherman's Successor May Come From
Idaho, Vermont or Utah.

New York, Nov. 8.—Comment on the approaching election of a Republican vice presidential nominee to receive the twelve electoral votes of Idaho, Vermont and Utah has brought out the fact that several members and officers of the Republican national committee favor the designation of a nominee from one of those states. Senator Borah of Idaho and former Governor Mead of Vermont are favored.

While the national committee meets in Chicago Nov. 12 to select the candidate it is not bound to designate any person. It may leave the nomination to the electors.

EXTRA SESSION OF
CONGRESS CERTAINDemocrats Intend Revising the
Existing Tariff.

Washington, Nov. 8.—With their party about to come into control of the two branches of the government the Democrats will soon be face to face with the necessity of making good before the country in the fulfillment of campaign promises and pledges. The present house, which is in Democratic hands, has to a great extent anticipated the victory of Tuesday and the program of legislation is mapped out at least in its broad outlines.

The Democratic leaders of the house, foremost of whom is Representative Oscar W. Underwood of Alabama, have already announced that there will be a special session of the new congress. This, of course, depends upon President-elect Wilson, but the fact that the leaders of the house take it for granted suggests that they know Mr. Wilson's mind on this subject. Undoubtedly the special session will be devoted almost exclusively to a downward revision of the rates of the Payne-Aldrich law with the ostensible purpose of placing the tariff on a "revenue only" basis.

Longworth Seems Defeated.

Cincinnati, Nov. 8.—Congressman Nicholas Longworth was defeated for re-election by Stanley Bowdye, Democrat, by eighty-five votes, according to the unofficial canvass of the vote in the First Ohio district. Congressman Longworth will not admit his defeat, however, and the result will not be finally known until the board of election has made its official canvass.

PICKS \$200,000,000 JURY

Perkins, Vanderbilt, Shonts, Seligman
and Others to Sit.

New York, Nov. 8.—A \$200,000,000 panel of jurymen was organized by Sheriff Harburger of New York county. It is an annual custom of the sheriff's office to appoint millionaires to a panel from which the sheriff picks a jury in minor cases in his jurisdiction. These wealthy men accept no pay directly, but turn the fees into a pool which is used for an annual dinner.

The sheriff's appointments this year include George W. Perkins, William K. Vanderbilt, Theodore P. Shonts, Isaac N. Seligman and a large number of others known as multimillionaires.

CANNOT RECOVER DAMAGES

Federal Court Decides Against Flood
Victims.

La Crosse, Wis., Nov. 8.—By a decision of federal court business men who lost their all in the Black River Falls flood disaster last year will not be able to recover the million dollars wiped out from the company which owned the Hatfield dam, the bursting of which caused the disaster.

The court has decided that the holders of the mortgage against the power company cannot be held liable for the losses. The company went into the hands of a receiver.

LEGISLATION FOR
THE FARMERMuch Attention to Be Paid to
Agriculture by Congress.

TO RECLAIM SWAMP LANDS.

Millions of Acres Which Have Been
Lying Idle For Years Are to Receive
the Government Help—Unused Lands
Available For Farming Purposes.
Sherman and the Speakership.

By ARTHUR W. DUNN.

Washington, Nov. 8.—[Special.]—It seems probable that much attention will be given to farming interests in future legislation. Not only has a start been made toward improving the roads in the farming districts, but it has also become the fixed intention of a majority of the members of congress to see that the government takes an interest in everything pertaining to agriculture, with a view to increasing the output of the farms.

Reclamation of arid lands has been under way for several years with satisfactory results, although the cost has generally exceeded the first estimates. In the near future there will be government aid in the reclamation of swamp lands, millions of acres of which have been lying idle for a hundred years near good markets.

The Main Object.

Of course it is the intention of the men behind these movements to improve agricultural conditions, but the main object is to furnish available lands for the surplus farming population of this country and keep valuable citizens in this country instead of allowing them to go to Canada. The wild and vacant easily obtained lands of the far northwest furnished a glittering inducement to those who found themselves cramped upon lands in the old farming regions, but if the swamps, lands are made available there ought to be homes for the surplus farming population within the borders of the United States.

Unused Lands Available.

Men in the agricultural department who have been giving the subject consideration say that unused and partially abandoned farm lands in several eastern states are available for farming purposes if scientifically and carefully conducted. More especially is this true in some of the southern states where Greeks, Italians and other southern European peoples have settled and are making truck and fruit farming pay. "Back to the farm" is not a very alluring cry to many Americans who have put in more or less time on the farm, but the increasing foreign population ought to be attracted to agriculture in view of the good profits obtained.

Sherman and the Speakership.

Jim Sherman was an aspirant for the speakership. It was when Henderson was elected and again when Uncle Joe Cannon was chosen the New Yorker had his eye open if there should come an opportunity. Once at Chicago after Cannon thought he was absolutely safe, Sherman and the Illinois man met at a ball game in Chicago.

"Jim, are you going to be a candidate?" asked Uncle Joe.

"Can't say," replied Sherman. "A lot of fellows in the house have been writing me to get in the race, and I don't see how I can disappoint them."

Uncle Joe looked very thoughtful, for he knew that Sherman was the best parliamentarian in the house and might make a hard fight.

A little later Sherman remarked:

"I am not going to be a candidate, but I want to give the old fox a few days of worry. It will do him good."

An Opportunity For Williams.

Ever since he has been in the senate John Sharp Williams has been trying to get a bill through providing for a monument to the Confederate soldiers at Vicksburg. Senator Heyburn of Idaho always prevented the bill from passing. Now that Heyburn is no more Williams will have an opportunity to pass his bill.

It Will Require Money.

If postoffice officials could get it out of their hands that the people of the United States and not a few officials are paying the expenses of the postal service it might be easier to get better results. One reason for interfering with the regular distribution service of periodicals was because it cost too much. In the opinion of certain officials, now it is pointed out that some \$7,000,000 or \$10,000,000 will be required to put the parcels post system in operation. Suppose it does? The people want it. There is a rural free delivery service. It costs a lot of money, but the people want it and have been willing to pay for it. And it is the same with the parcels post. The people are willing to pay for this service, just as they pay for other government service.

No Place For Johnson.

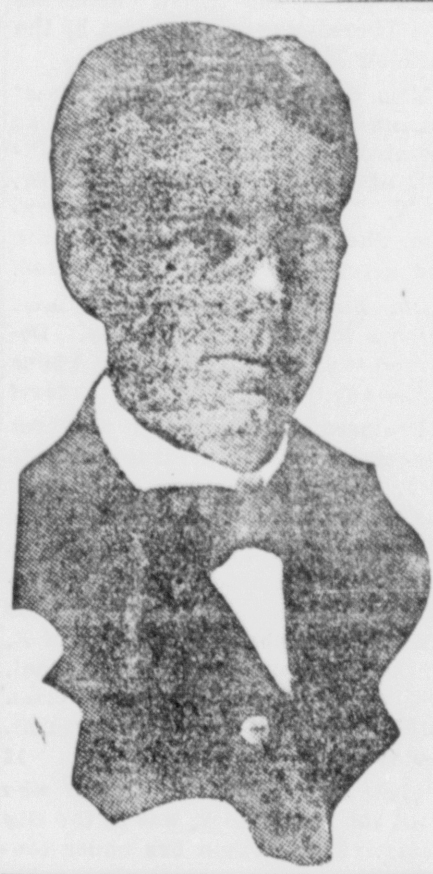

About the time the people were making it very uncomfortable for the pugilist Jack Johnson in Chicago Senator Elect Ollie James made this observation: "He's getting off a mighty sight easier in Chicago than he would south of the Ohio river. The people of Kentucky and some of the other states would have made short work of him."

It is probable that the champion prize fighter of the world will not visit the south for some time to come.

WILLIAM S. KENYON.

Will Be Returned to
the Senate From Iowa.

WILSON LEAD GROWS IN IOWA

Returns From All but Five Counties
Give Him 19,622 Plurality.

Des Moines, Nov. 8.—Practically complete returns from all but five of the ninety-nine counties in the state continue to increase the plurality of Woodrow Wilson. The figures are, Wilson, 163,192; Roosevelt, 149,540; Taft, 111,034; Wilson's plurality, 19,622.

Complete returns from all but two legislative districts show that the legislature will be overwhelmingly Republican, at least 162 Republicans having been assured of seats, while the Democratic membership will not exceed fifty-six. This assures the re-election of United States Senator Kenyon.

Official count of the vote of Iowa will be necessary to determine the election of governor. Supposedly accurate returns from ninety-eight of the ninety-nine counties of the state give George W. Clark, Republican, 176,182, and E. G. Dunn, Democrat, 176,099.

BRYAN MAY BECOME
CANDIDATE IN 1916Friend Says Wilson Has Offered
Him Cabinet Place.

Washington, Nov. 8.—William J. Bryan has been offered the premiership in the Wilson administration.

This is the only matter that is reasonably certain as to the new cabinet. A friend of Mr. Bryan's in Washington let it be known that the commoner was offered the secretaryship of state in the Wilson cabinet many months ago, conditional upon the election of Mr. Wilson. Wilson has believed all along that Mr. Bryan should have the place if he desired it.

The only question is whether he will accept. His friends here believe he will accept, although they admit it will be a sacrifice. He has a very rich income from his writings and lectures, which he cannot continue if he goes into the cabinet.

Mr. Bryan will be a candidate for president in 1916, according to his close political advisers and friends. He takes the view, according to these men, that Wilson will be bound to remain out of the race for renomination. Mr. Bryan believes, it is said, that Mr. Wilson is morally bound by the Baltimore platform.

JACK JOHNSON IS INDICTED

Federal Grand Jury Accuses Him of
White Slavery.

Chicago, Nov. 8.—Jack Johnson, champion heavyweight prize fighter, was arrested by federal officers charged with a violation of the Mann act. His arrest followed the return by the federal grand jury of an indictment charging him with having caused the transportation of Belle Schreiber, a white woman, twenty-six years old, from Pittsburgh to Chicago, Aug. 10, 1910, for an unlawful purpose.

Federal officers searched the South Side several hours before Johnson was found hiding in a hotel surrounded by four negro guards.

An attempt was at first made by the guards to prevent the officers from entering Johnson's rooms, but they were pushed aside and the government warrant was served on the prize fighter without serious difficulty.

VICTIM HITS WIND SHIELD

Watchman Struck by an Auto Is
Killed.

Minneapolis, Nov. 8.—A. J. Smith was struck and killed by an automobile driven by George B. Gaylord, secretary of the Regal Sales agency. Gaylord was arrested and charged with manslaughter.

Smith was thrown on the radiator of the car by the impact and his head knocked out the glass in the wind shield. Smith was a private watchman.

DEMOCRATS ARE

Wounds Storekeeper and Then Com-
mits Suicide.

Minneapolis, Nov. 8.—Jealousy is said to have led William Myers, thirty-eight years old, a machinist, to shoot Charles Klugeman, keeper of a confectionery store, and then turn the weapon on himself with fatal effect. Myers shot Klugeman below the heart and in the wrist. The latter now is in a precarious condition in Norwegian Deaconess hospital. Myers died immediately in the presence of his wife, who witnessed the shooting.

Myers had often threatened to shoot Klugeman. Mrs. Myers accompanied her husband to the Union depot and gave him \$5 to go to Wisconsin to work in the woods. Myers used the money to buy liquor and taking a gun went back and found his wife in the confectionery store of Klugeman. The shooting followed.

BOYS IN BLAZING TANK CAR

One Killed When Another Strikes
Match.

Detroit, Mich., Nov. 8.—Joe Starzyk, twelve years old, was instantly killed; Joe Tomaszewski, fourteen, was perhaps fatally injured and three or four other boys were seriously burned by an explosion of gas in a tank car which recently had been emptied of gasoline.

A number of boys were playing hide and seek among freight cars on a siding. Tomaszewski, noticing the opening in the empty tank car, decided it was a good place to hide. He descended to the floor of the car, with Starzyk following him. Just as the latter was entering the opening Tomaszewski struck a match. Starzyk was blown fifty feet into the air and fell on top of a box car, three tracks away.

BIG PLURALITY IN INDIANA

Wilson Carried Hoosier State by Over
100,000.

Indianapolis, Nov. 8.—With reports from five counties missing Wilson's plurality in Indiana is 109,612.

Complete returns from eighty-seven out of ninety-two counties, including Indianapolis, gave Wilson 249,448; Roosevelt, 139,836; Taft, 127,783; for governor, Ralston, 247,206; Beveridge, 145,801; Durbin, 133,273.

Ralston's plurality is 101,405.

Idaho Slightly for Wilson.

Boise, Ida., Nov. 8.—Returns received representing four-fifths of the vote of the state indicate that Wilson had carried Idaho by a small majority. An official count may be necessary.

CALIFORNIA RACE EXCITING

May Result in Electoral Delegation
Being Split.

San Francisco, Nov. 8.—A correction in the Los Angeles figures by County Clerk Leland again wiped out Wilson's narrow lead in California and put Roosevelt ahead by 130 votes.

Precincts heard from 4,237 out of 4,372; Wilson, 280,125; Roosevelt, 280,555.

It is now believed that the vote will be so close that California may send a split electoral delegation to Washington.

Will Have at Least Forty-eight
in Next Congress.

SIX STATES ARE DOUBTFUL

Senator From Only One Will Give
Democrats Clear Majority and They
May Secure Several—Illinois, Michigan, Oregon, South Dakota, Tennessee and Wyoming Remain Uncertain.

Washington, Nov. 8.—Control of the senate in the sixty-third congress now is practically assured to the Democrats. According to the Republicans the legislatures of all states still in the doubtful column the Democrats will have a vote of forty-eight, or just one-half of the entire membership of the senate, with a Democratic vice president in the chair to cast the deciding ballot in case of a tie.

Six states are yet to be heard from definitely. A senator from one of these would give the Democrats a clear majority and it is possible that their strength will be even further increased by winning in several.

Kansas has been added to the Democratic column in the last twenty-four hours.

The states in which the complexion of the legislatures is yet to be decided are: Illinois, Michigan, Oregon, South Dakota, Tennessee and Wyoming. Ordinarily Tennessee could be relied upon to help the Democratic party, but the factional fight there may prevent it in this crisis. In Illinois there are complications growing out of the multiplicity of parties, making it uncertain whether there will be a senatorial election.

Two Vacancies in Illinois.

In that state there should be chosen a senator to take the seat from which William Lorimer was ousted, as well as a successor to Senator Cullom, whose term will expire March 4 next.

If there should be no election the effect would favor the Democrats by reducing the membership of the senate to ninety-four, of which number the forty-eight already chosen would be a working majority.

In addition to the aid of the vice president in an emergency the Democrats in the senate find willing cooperation among the Progressive senators. Three or four of the Progressives are almost as liberal in their tariff views and on other questions as the Democrats.

Senators Clapp, La Follette, Cummins, Gronna, Bristow and Poinsett are all avowed tariff reformers. They also favor advanced legislation on other subjects.

Senator Works announced his intention of voting for the Democratic presidential candidate some time before the election. This determination was due, however, to a peculiar combination of circumstances and the California senator probably would not wish to have it construed as binding him to a Democratic legislative policy. He is classed as a protectionist. Crawford of South Dakota has been classed as a Progressive Republican.

MORE "HAVOC" VERSES

Exponents of the Limerick Send Their
Verses to the Dispatch Compet-
ing for Prizes
The limerick contest inaugurated
by Paul Gilmore and "The Havoc"
company continues to draw verses
from limerick writers in Brainerd
and the range country. And it is
worth doing, for the prizes are good
seats at the forthcoming production
of "The Havoc" in Brainerd on Fri-
day evening, November 15th.
Here is a clever limerick recently
received by the Dispatch:
Clever, good looking and bright,
Paul Gilmore comes just for a night.
A tear and a smile,
It will be worth your while,
For he comes in a play that's just
right.
Here is another just contributed:
Paul Gilmore will make good amends
To a man for the money he spends.
But 'twould be a great treat
To have a free seat,
And be able to take a few friends.
This limerick advises getting one's
tickets early when Paul Gilmore
plays in Brainerd:
When Gilmore comes to town,
That man of great renown,
"The Havoc" he's sure to play
With all people who delay.
Because he has a show which will fill
up every row.
You'd best get your tickets early
when Paul Gilmore comes to play.
One of the best limerick writers
in the United States is President-
Elect Woodrow Wilson. He often
dashes them off for the amusement
of his friends. But it requires a
peculiar knack to turn out a good
one. Here is another "Havoc" limerick:
"The Havoc," a play above par,
Paul Gilmore, renowned near and far,
You will surely regret,
If you fail or forget
To see this particular star.
One little girl came to the Dispatch
office before the Sherman Kelly stock
company appeared and confused
Sherman Kelly with Paul Gilmore
and built up a "Havoc" limerick,
giving Gilmore all the Kelly trim-
mings. "I felt so sorry," said the
maiden, "because I didn't want to
put Mr. Gilmore in such a funny po-
sition."
Here is one which puts Gilmore
down as a "Miraculous Wonder" and
many may wonder how in thunder

amiable Paul Gilmore will survive it.
The verses read:
We have coming to our city,
A man as great as can be.
He is just a miraculous wonder
As you all can readily see.
By attending the box sale early
So you can secure a seat
For on Friday there'll be
The great "Havoc" in which
Paul Gilmore's complete.
A contribution of three verses
reached the Dispatch today, to be
run serially. The first verse reads:
A star is coming to our town,
One of greatness and renown,
His name I'll tell tomorrow eve,
Will keep you guessing by your leave.

**STOMACH SOUR? GOT
INDIGESTION ALSO?**

"Pape's Diapepsin" Will Make Your
Disordered Stomach Feel Fine
in Five Minutes. Time It!
If what you just ate is souring on
your stomach or lies like a lump of
lead, refusing to digest, or you belch
gas and eructate sour, undigested
food, or have a feeling of dizziness,
heartburn, fullness, nausea, bad taste
in mouth and stomach headache—
this is indigestion.
A full case of Pape's Diapepsin
costs only fifty cents and will thor-
oughly cure your out-of-order stom-
ach, and leave sufficient about the
house in case some one else in the
family may suffer from stomach
trouble or indigestion.
Ask your pharmacist to show you
the formula plainly printed on these
fifty cent cases, then you will under-
stand why dyspeptic trouble of all
kinds must go, and why they usually
relieve sour, out-of-order stomachs
or indigestion in five minutes. Dia-
pepsin is harmless and tastes like
candy, though each dose contains
powder sufficient to digest and pre-
pare for assimilation into the blood
all the food you eat; besides, it makes
you go to the table with a healthy
appetite; but, what will please you
most, is that you will feel that your
stomach and intestines are clean and
fresh, and you will not need to re-
sort to laxatives or liver pills for bil-
iousness or constipation.

This city will have many Diapepsin
cranks, as some people will call them,
but you will be cranky about this
splendid preparation, too, if you ever
try a little for indigestion or gas-
tritis or any other stomach misery.
Get some now, this minute, and
forever rid yourself of stomach trou-
ble and indigestion. Adv.

**HEADACHY, CONSTIPATED, BILIOUS,
TAKE DELICIOUS "SYRUP OF FIGS"**

Removes the Scum From the Tongue, Sweetens a Sour, Gassy, Bilious
Stomach, Cleanses Your Liver and 30 Feet of Bowels With-
out Gripe or Nausea
If headachy, bilious, dizzy, tongue
coated, stomach sour and full of gas,
you belch undigested food and feel
sick and miserable, it means that
your liver is choked with sour bile
and your thirty feet of bowels are
clogged with effete waste matter not
properly carried off. Constipation is
worse than most folks believe. It
means that this waste matter in the
thirty feet of bowels decays into poi-
sons are then sucked into the blood
through the very ducts which should
suck only nourishment to sustain
the body.
Most people dread physic. They
think of castor oil, salts and cathar-
tic pills. They shrink from the after
effects—so they postpone the dose
until they get sick; then they do this
liver and bowel cleansing in a her-
oic way—they have a bowel wash-
day—That is all wrong. If you will
take a teaspoonful of delicious Sy-
rup of Figs tonight, you will never
realize you have taken anything un-
til morning, when all the poisonous
matter, sour bile and clogged-up
waste will be moved on and out of
your system, thoroughly but gently—
no griping—no nausea—no weak-
ness. Taking Syrup of Figs is a real
pleasure. Don't think you are drug-
ging yourself; it is composed entire-
ly of luscious figs, senna and aroma-
tics, and constant use can not
cause injury.
Ask your druggist for "Syrup of
Figs and Elixir of Senna," and look
for the name, California Fig Syrup
Company, on the label. This is the
genuine—old reliable. Any other
Fig Syrup offered as good should be
refused with contempt. Don't be
imposed upon.

LEASES THE NEW CROSBY THEATER

Harry Laymon, Manager of Empress Theater, Takes Over New Theater in Crosby

INGALLS MOTOR BOAT CO. PLANS

During the Winter will Build a Large Launch to Add to Their Fleet of Lake Boats

Crosby, Minn., Nov. 8.—Harry T. Laymon, manager of the Empress theater at Brainerd, has secured a lease of the new theater being built on Main street across from the Spalding hotel. The new theater will also be known as the Empress. It will have a seating capacity of 350, including a balcony seating 75. The stage will measure 20 by 25 feet. Mr. Laymon will manage this theater in addition to his Empress theater in Brainerd. Experienced and successful in the management of moving picture houses, he will give to Crosby as good shows as Brainerd is enjoying.

The Ingalls Motor Boat Co. is having plans drawn for a new boat and the launch, which will be of "Twin City" size, will be built during the winter and launched in the early spring. This company is progressive and aims to take care of all business which may develop in the boating line. During the season of 1912 they hauled an enormous amount of freight and transported thousands of passengers across Serpentine lake. The boats are as regular as trains in their service and cross the lake in fair weather or storms as regularly as clockwork.

Hopewell Clark was in Crosby Saturday. He is interested in mining lands on the range.

David Williams, of Duluth, was in the city Friday.

B. A. Middlemass, of Hibbing, was a business visitor during the week.

R. H. Warren, the barber, has returned from Chicago.

Mrs. W. S. Pitt entertained the Study club Friday afternoon.

Mrs. Iver Iverson is recovering from a siege of sickness.

The Brainerd National band played at Leino's hall Saturday evening and a large number of people enjoyed the pleasure of dancing. Accompanying the band were many Brainerd visitors.

The Commercial club gave a dance on Halloween evening.

Steps are being taken to establish a state band in Crosby.

Mr. and Mrs. George H. Crosby, of Duluth, were visitors in town Friday.

William Bierman's wheel was stolen today.

A thief entered a hardware store at Crosby, lifted everything that was not nailed down tight, jumped his board bill and fled to Deerwood where Marshal Lamey took him in tow.

RED CROSS XMAS SEALS

Minnesota Association for the Prevention and Relief of Tuberculosis Makes Last Appeal

The Minnesota Association for the Prevention and Relief of Tuberculosis begs to announce to the public—and especially to the many purchasers of Red Cross Christmas seals and to the seal agents who by their splendid cooperation the past four seasons have made possible a state educational campaign that has reached every city and county—that this is the last appeal that will be made to the people of Minnesota to buy seals for state work.

We believe that the coming legislature will pass the bills that will be introduced providing for a state supervised system of hospitals, dispensaries, nurses, and enforced sanitary regulations—without which things the death rate will not be appreciably lowered—and are resting everything upon this belief. But these bills and the reasons for them must be brought to the attention of every tax payer which will cost a lot of money. So we need the assistance of the generous public once more. All former and prospective seal agents are urged to write at once to the State Red Cross Seal Agent, Christopher Easton, at the Old Capitol, St. Paul for assignment of territory, supplies, etc.

We hope that every sales agent will put redoubled vigor into the campaign this year and so provide the sinews of war for a battle that ought to mark the beginning of the end.

This is a fight that we ought all to be proud to have engaged in and let us fight it to a finish.

Nothing above stated binds any local association not to sell seals after 1912 for the benefit of local work for which the greater part of the proceeds of previous sales have been expended.

DISPATCH RANGE REVIEW NEXT WEEK

8 Page Supplement on Cuyuna Iron Range to Accompany Daily and Weekly Editions

FEATURING ALL RANGE TOWNS

Offers Good Advertising Medium to Merchants of Brainerd and Other Range Towns

The Dispatch will next week issue a Cuyuna range supplement of eight pages to accompany its daily and weekly editions of Friday, November 15. This is the third big mining supplement the Dispatch has issued this year and marks well the progressiveness and public spirit which exemplifies the range and which has made such a thing possible.

The edition will be well illustrated and will pay particular attention to Brainerd and the towns which have sprung up on the range.

There will be reproduced the large panoramic photograph which the Duluth Herald had of the excursion to the Cuyuna-Mille Lacs Co. mine October 20, the largest picture, 14 columns wide, which the Dispatch has ever run on its presses.

The advertising value of this supplement is apparent and merchants will do well to utilize space in its columns. Being issued on pay day here and the day which is at or near the pay day of the mines, the large edition printed and spread about the county, the range and the surrounding country, will assure great publicity to advertisements. Bring your copy in early.

Skovgaard, Nov. 13th

Skovgaard, the great Danish violinist, has played before King Christian of Denmark, King Oscar of Sweden, King Hakon of Norway and Emperor Wilhelm of Germany, by special request. Having been intimately associated with Joseph Joachim for nearly ten years, Skovgaard inevitably bears marks of his influence. This may be seen in his playing, though it is now fully subordinated to the expression of his own virile and masterful personality.

The London, England, Times says: "Skovgaard's brilliant technique in conjunction with the elegant and artistic movement of the right arm rendered his interpretation of the Sjoegren Sonata No. 2 the work of a master."

The Stockholm, Sweden, Dagens Nyheder says: "A brilliant concert was given last night by the young Danish violinist, Axel Skovgaard. This young artist is able with the utmost ease to master the most technically difficult compositions."

The Christiania, Norway, Aftenposten says: "Friday evening Skovgaard, Danish violin virtuoso, played here for a crowded house. Never was there such delight and enthusiasm expressed, and it might well be said that Skovgaard broke all records last night."

Skovgaard plays at the Brainerd opera house next Wednesday evening, November 13th. A heavy sale of tickets is reported. The noted artist has played in Brainerd before and he achieved a veritable triumph.

Notice

Owing to circumstances, Rev. Ely Slifer could not accept the call to the pastorate of the Peoples Congregational church in N. E. Brainerd. He and Mrs. Slifer left today for Minneapolis. There will be no preaching next Sunday. Sunday school at noon as usual.

SCHOOL BOARD MEETING

Board May in Future Change Hours of School Work, Giving Longer Noon Period

At a regular meeting of the school board all members were present except Messrs. Johnson, Wise and Baker. A communication was read from the state superintendent of schools, C. G. Schultz, which called attention to the coming meeting of the State Educational association at St. Paul December 5, 6 and 7 and urging all teachers and members of school boards to attend. The board selected President W. E. Erickson as its representative and he was delegated power to choose two additional members to accompany him.

Some time ago the board took under advisement the plan to lengthen the dinner hour and have school called at 1:30 instead of 1:15 P. M. The matter was deferred to the next meeting owing mostly to the reason that all programs in the schools are now made on the old schedule and that the new plan would disarrange things too much. In all probability, however, the hour will be changed to 1:30 at the beginning of the school year. The two recesses will be shortened five minutes each, so that the actual loss in schedules will be only five minutes.

Book cases are needed at the Harrison and Lincoln schools and the matter was referred to the fuel and printing committee with power to act. Supt. W. C. Cobb submitted his report on the schools and the book room and they were accepted and placed on file.

The building committee appointed George Cain janitor of the Whittier building, such being a temporary appointment.

The fuel committee was authorized to advertise for bids to furnish 75 cords of dry wood for the use of the Harrison school. Some slight alterations to be made in the ventilating plant of the Whittier building were referred to the building committee for attention.

The Harrison school of Southeast Brainerd is to be wired, two lights to be placed in each room, such work being under the supervision of the building committee.

The November payroll of the teachers was left in the hands of the finance committee and the secretary with power to act. The supply committee was authorized to purchase gasoline for the use of the domestic science department of the Washington school.

The secretary and superintendent were instructed to wait on Mayor H. P. Dunn and ask for the assistance of the police department to gather in truant pupils. The usual grist of regular bills was allowed and ordered paid.

BUCHMAN'S

"The Havoc"
Mr. Paul Gilmore is no doubt one of the greatest actor-managers in this country and has proven this on several occasions in the past. In "The Havoc" his present starring vehicle he is said to have one of the most powerful plays before the American public today. Mr. Gilmore portrays a fine type of the American

business man, whose wife is won from him by a treacherous guest. He does not resort to the unwritten law, but instead works out the punishment of the pair along new lines and in a manner that makes the play seem not acting but real, throbbing, vital life. "The Havoc" will be seen at the Brainerd opera house Friday evening, November 15.

"In Missouri"

was the offering of the Sherman Kelly Stock company at the Brainerd opera house last night and the same packed house was in evidence again. "In Missouri" gave the best of satisfaction in as much as it was different from anything yet produced by this popular stock company, also it afforded Mr. Kelly a splendid opportunity to display how versatile an artist he is, which he did in a surprising manner, as Jim Radburne, the sheriff, Miss Gale, as Kate, rendered a clever characterization of a role, which if put in the hands of a less capable artist might have been greatly overdone.

The rest of the cast acquitted themselves remarkably well with the several difficult roles assigned to them.

The Dancing Malones offered a comedy act which did themselves credit.

"Camille," the company's feature play will be the selection tonight and Mr. Kelly personally guarantees his production of this powerful French drama to be the equal, if not superior to any \$1.50 attraction you have ever witnessed at the Brainerd opera house.

Solid Comfort Plus-Style

There in a nut-shell is the story of Dr. A. Reed Cushion Shoes—comfort plus style. And there's not another shoe made at any price that can equal the Dr. A. Reed Cushion Shoe in either.

It's far and away the easiest shoe on your foot. For it has a soft cushion insole that adapts itself to the sole of your foot—fills the hollows, supports the arch, and spreads your weight over your whole foot. That in itself means ease in walking. But more than that, the foot sinking down into the soft cushion insole releases the uppers—so that you can be sure you won't be bothered by corns, bunions and tired, aching, burning feet.

Up to the minute in style—you can have your choice of a big variety—everyone new and attractive. Why not come in today and see this restful, easy, stylish
